	4. Turkish-Iranian relations deteriorate:
	Turkish-Iranian relations have deteriorated as a result of Turkish support of Britain in the Anglo-Iranian oil dispute. Turkey is being denounced as "a stooge of the British
	and Americans and a traitor to the Moslem world. "Communists and fellow-travelers are exploiting the situation in order to hinder the plans for an expanded Middle East Command.
	Comment: Although Iran tends to follow the lead of Turkey in international affairs, traditional suspicion and jealous of a strong neighbor have made Turkish-Iranian relations difficult.
